Safety Blowguns
A comprehensive range of safety blowguns offering high air flow, unblockable nozzle ends and low noise levels

- User friendly design
- Robust and impact resistant material
- Guaranteed long service life
- Guaranteed leak-free valve system, even after millions of operations
- Increased air flow options

BG5006
Low noise level (meets OSHA standard)
- Max 16 bar (232 psi)
- 280 l/min (9.8 cfm) @ 8 bar
- Noise @ 8 bar < 78 dB
- -10°C to +60°C

BG5007
Aircurtain with increased air flow, low noise level (meets OSHA standard)
- Max 10 bar (145 psi)
- 580 l/min (20.5) @ 8 bar
- Noise @ 8 bar < 78 dB
- -10°C to +80°C

BG5008
TURBO nozzle
- Increases air flow by 100%
- Max 16 bar (232 psi)
- 380 l/min (13.4 cfm) @ 8 bar
- Noise @ 8 bar < 90 dB
- -10°C to +80°C

BG5009
2 bar automatic pressure reduction
- Low noise level (meets OSHA standard)
- Max 16 bar (232 psi)
- 140 l/min (4.9 cfm) @ 8 bar
- Noise @ 8 bar < 82 dB
- -10°C to +80°C
