

DRIVEN BY AIR.

- **Guaranteed 99.999% liquid water removal**
- **Particulate removal to 1 micron**
- **Low cost of ownership**
- **Maintenance free**

Dropout

A unique patent protected product designed to revolutionise the compressed air industry

DRIVEN BY AIR.

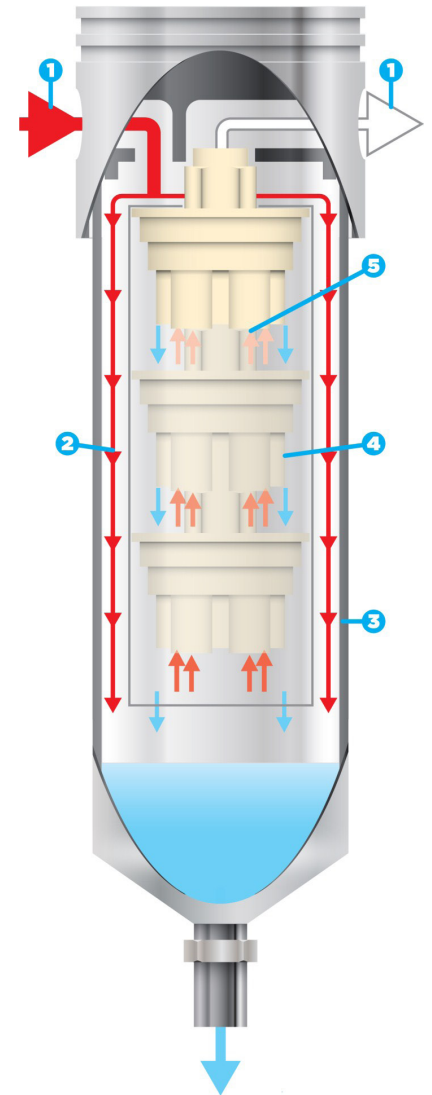

Dropout - Liquid water removal guaranteed

A unique, patent protected product designed to revolutionise the compressed air industry.

- Guaranteed 99.999% liquid water removal
 - Particulate removal to 1 micron
 - Low cost of ownership
 - Maintenance free
1. Minimal inlet/outlet pressure drop
 2. Performance does not depend on the compressed air having a stable flow rate or high velocity
 3. Sealed for life aluminium housing
 - No requirement for replacement filter cartridges
 - No increase in pressure drop caused by blocked filters
 - Easy to clean
 4. Modular, scalable design delivers a wide flow rate product range without compromising the efficiency of removal water and solid particles
 5. Unique patent protected multiple impact design operates for more efficiently than congenital filter designs

No drop in liquid water or particle removal efficiency regardless of flow rate or duration of time installed

Part No	Description
PDO600A	3/4" Port - 600 l/min

PCL is the world leader in the design and manufacture of tire inflation and compressed air products.
